VENINI

Welcome to a world where **fire and time shape art**, where glass becomes pure **wonder**.

Here is our essence: a realm where beauty is sculpted, and every creation embodies **the soul of craftsmanship**, eternally suspended.

A photograph of three glass vases with a diamond-shaped pattern, arranged in a glass studio. The largest vase is on a black stand, a smaller one is next to it, and another is on a separate stand to the right. The background is a dark, industrial setting with a large, glowing orange flame on the left. The text "WONDERFUL ART GLASS" is centered in the image.

Founder Paolo Venini

ABOUT

VENINI is History.

An ambitious project that was born in **1921** from the vision of Milanese lawyer **Paolo Venini** and Venetian antiques dealer **Giacomo Cappellin**, who founded "Vetri Soffiati Cappellin Venini & C."

VENINI

ABOUT

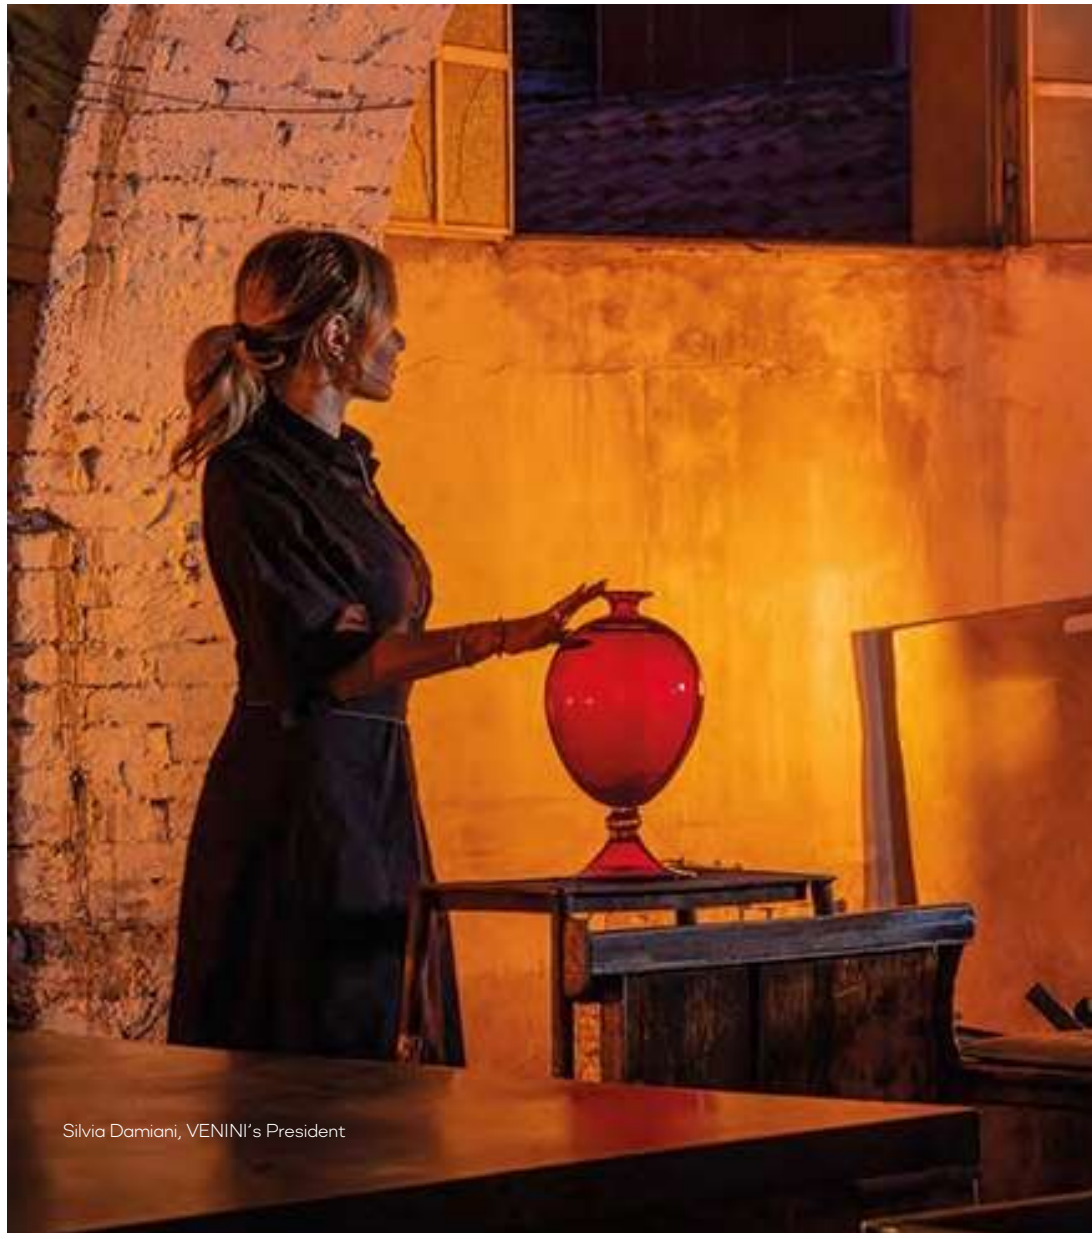

VENINI is Craftsmanship.

The **Fumace** is the heart of VENINI. Here, the ancient art of glass takes shape through the expert hands of **master glassmakers**. Each artwork is born from an entirely artisanal process, the result of knowledge passed down through generations and refined over time.

The skill of the master glassmakers lies in their ability to tame molten glass, transforming it **into a work of art**.
